Going out, on the streets of town.
A lot of clubs, and you were around
I was hanging with some friends, at the bar
And you were there, to give it a start.

You came to me, and we had a nice talk
You asked me to dance, I asked for a walk
That's where I spilled, my last chance with you
Some boy took over and danced with you

RIGHT NOW! I wanna dance with you!
RIGHT NOW! I wanna be with you!
I never had the chance to tell you this way
But the feeling I have was like your last dance today

RIGHT NOW! I wanna dance with you!
RIGHT NOW! I wanna be with you!
The feeling is back but I have spilled my last chance
And never have you bothered while you had your last
dance

You kissed with him, like he was the one.
And I stood there, with a bottle of rum
All the girls, were dancing with men
And the girl I like was along with them

Never felled bad, about a girl
But this feeling here, is making me hurl
When she has got everything that a man needs
No words are enough, just start with the deeds

RIGHT NOW! I wanna dance with you!
RIGHT NOW! I wanna be with you!
I never had the chance to tell you this way
But the feeling I have was like your last dance today

RIGHT NOW! I wanna dance with you!
RIGHT NOW! I wanna be with you!
The feeling is back but I have spilled my last chance
And never have you bothered while you had your last
dance
