I fire at will I'm taking everything I'll bring this city to it's
knees

I'm sick and tired of being hungry I've spend my last
fucking breath

Passed out and my nightmare doesn't end everyone of
you gets a bullet in the head

FUCK. it doesn't end passed out on the floor and my
nightmare doesn't end

I have to wake up and do it all again passed out on the
floor and my nightmare doesn't end

I have to wake up and do it all again WHERE THE FUCK
are my friends?

We're going out tonight we'll bring this city to its knees

You wont make it out alive its time to get mine

Now we're laughing at you you think you have it all

Well now its mine I take it all.
