

Black My Heart "Tick Tock"

Visit "[Tick Tock](#)" on MotoLyrics.com

I ripped through the pages of your life and saw your
face
Witting between the lines I watched you cry and saw
your tears
Seep and hide behind the story of your life
You said you'd "die for me" the only words you ever
really meant
Cuz now your dead (dead) to us dead to me. you knew
who you were

From the start and time don't change with me your
clock keeps ticking
Better hope your heart don't stop so lock your windows
Lock your doors, I'm coming to destroy YOUR
everything YOUR FUCKED!
