Giddyup, hit um up, what part of party, don't you understand

Let your body move just shake it up
Get yourself in motion I'll tell you what
Raise your hands up high drop your hands down low
Just follow me now, 'cause it's time to go

Come on everybody, get it together
Don't wait forever, it's now or never

Giddyup, saddle up, what part of party, don't you understand
Work your body
Giddyup, saddle up, come on work your body like you know you can
Come on work your body

Come on girl sweat, move with me
Come on girl, sweat
What part of party, don't you understand

Let me tell you 'bout this place, I go to party
It's a secret, I can't keep so let me share
All the ladies always fine the fellas groovy
DJ's pumping, we gonna dance the night away, yeah

So come on with me, this house is bumpin'
The music's pumpin', my heart is jumping
