

Black Plague

"End"

In Total Desolation
From The Stillborn Earth
Through The Lament
The Journey Is Now Over

The Final Chapter Of Life
Has Been Written
The Final Nail
Has Been Stricken

It Is Time For All To End

For Now This Pain
Will Be Laid To Rest
For Now Misery
Will Not Exist

In Total Desolation
From The Stillborn Earth
Through The Lament
The Journey Is Now Over

The Planet Will Swallow Itself Whole
The Earth Will Be A Long Forgotten Shadow
But A Trace Of Hate Will Linger
That Will Tell The History
Of What We Once Were

For Now This Pain
Will Be Laid To Rest
For Now Misery
Will Not Exist

But Now The Universe Is At Peace
With No Signs Of Life
As It Was Intended To Be
Quiet And Alone...

Silent Burns The Stars
For The Earth Is
Buried In Eternal Silence...
