(by Gregory And The Hawk)

If you be my star  
I'll be your sky  
you can hide underneath me and come out at night  
when I turn jet black and you show off your light  
I live to let you shine  
I live to let you shine

but you can skyrocket away from me  
and never come back if you find another galaxy  
far from here with more room to fly  
just leave me your stardust to remember you by

if you be my boat  
I'll be your sea  
a depth of pure blue just to probe curiosity  
ebbing and flowing and pushed by a breeze  
I live to make you free  
I live to make you free  
but you can set sail to the west if you want to  
and past the horizon till I can't even see you  
far from here where the beaches are wide  
just leave me your wake to remember you by

if you be my star  
I'll be your sky  
you can hide underneath me and come out at night  
when I turn jet black and you show off your light  
I live to let you shine  
I live to let you shine

but you can skyrocket away from me  
and never come back if you find another galaxy  
far from here with more room to fly  
just leave me your stardust to remember you by
