Rising with the sun, the work has been done  
But people are starting to stare  
Called from afar to the court of the Czar  
Could it be something is wrong?

You stand face to face and your heart gathers pace  
For the answer to a question a prize  
If only you had known to be honest was wrong  
For the work that you've done you, it will pay with your  
eyes

Don't be afraid to an [Incomprehensible]

Into the black where the night never ends  
And the light leaves a scar on your soul  
Where your heart used to hold your love here  
Heaven in black

Inside there's a voice saying was there a choice?  
You'd still be entombed in the night  
Lucifer's to blame, the reason for the flame  
They've taken your sight but they'll not take your God

Don't be afraid to an [Incomprehensible]

Into the black where the night never ends  
And the light leaves a scar on your soul  
Where your heart used to hold your love here  
Heaven in black

Into the black where the night never ends  
And the light leaves a scar on your soul  
Where your heart used to hold your love here

Into the black where the night never ends  
And the light leaves a scar on your soul  
Where your heart used to hold your love here  
Heaven in black
