[Verse I]

Oh No  
Here it comes again  
Can't remember when  
We came so close to love before

Hold on  
Good things never last  
Nothing's in the past  
It always seems to come again

Again and again  
Again and again oh yeah no

[Verse II]

Cry out  
To legions of the grave  
Time again to save us  
From the jackals of the dream

Ride out  
Protectors of the realm  
Captain at the helm  
Who sail across the sea of lights

[Bridge]

Circles and rings  
Dragons and kings  
Weaving a shock and a spell

Blessed by the night  
Holy and bright  
Called by the toll of the bell

[Chorus]

Bloody angels fast descending  
Moving on a never bending line  
Phantom figures reap forever

On a shadow shining ever bright

Neon Nights!

Neon Nights!

Alright

[Verse III]

Cry out

To legions of the grave

Time again to save us

From the jackals of the dream

Ride out

Protectors of the realm

Captains at the helm

Who sail across the sea of lights

[Chorus]

Again and again

Again and again and again

Neon Nights!

Neon Nights!

Neon Nights!

Alright
