"Symptom Of The Universe"

Take me through the centuries to supersonic years
Electrifying enemy is drowning in his tears
All I have to give you is a love that never dies
The symptom of the universe is written in your eyes

Mother goose is calling me back to her silver womb
Father of creation takes me from my stolen tomb
Seventh hundredth unicorn is waiting in the sky
A symptom of the universe is a love that never dies

Take my hand my child of love come step inside my
tears

Swim the magic ocean I've been crying all these years
With our love we'll ride away into eternal skies
A symptom of the universe is a love that never dies

Oh my child of love's creation, come and step inside
my dreams
In your eyes I see no sadness, you are all that loving
means
Take my hand and we'll go riding through the sunshine
up above
We'll find happiness together in the summer skies of
love
