[mos def, kweli, background singers]

(yes you areee, you're so beautiful)

Fantastic

(on your knees)

Absolutely fantastic

(in my life)

Absolutely fantastic

(on my feet)

All the world fantastic

(beautiful)

Absolutely fantastic

(come to meee)

quietly(scientifically, scientifically)**

fantastic

(down again, so we'll wash it over me)

Fantastic x3

[Kweli]

Tell the world

[Mos Def]

I dreamt that I could paint you in words

But there were no colors, bright enough

Black or white enough

Blue or green enough

It didn't mean enough

You are the star to touch the earth

Shine bright for all eyes to see,

Radiate and touch me

Now Im shining like you do

It was dim before I knew you

Bright light for weeping eyes to get used to

Trust who? that's some shit I had to adjust to

Soon as you relax they ease back and cold bust you

Love murdered in Brooklyn, sound the alarm

But you still remain calm

My passion is unarmed

I try to practice my warlike tactics

But in your clutch, in your touch

My armor, just collapses

Such bliss breeds obliviousness

I recollect sweet breath still wet on my lips

My prayers this:
God protect my beloved
And keep her covered
From the valley to the summit
Like the land undiscovered
Like the stars outnumbered, you are so beautiful.

(chorus) background singers [kweli & Mos Def]

Beautiful
[im doing my best so i can be true to you]
On your knees
[aint nothin in this world i wouldn't do for you]
In my life
[you're my everything more than ever and usual]
On my feet
[like the stars outnumbered you are so beautiful]
Beautiful
[you shine so very far from where i stand]
Come to me
[from a distant land understand who i am]
Down again, we can wash it over me.]
(Talib Kweli)

You know what!
They say that beauty's in the eye of the beholder
So I use my third, and now our love is solid like a
boulder
Wanna build with you as I get older, and that's my word
Sure as I stand on my ancestor's shoulders
You see through my drama and my world like a stage
Not the same years but livin in the same age
Its the KWELItty not the quantity
Follow me
Def-in-ate-ly,
Far from probably.
Got to be, you and me
Beau-ti-ful-ly fit,
Like pieces of a man I used to be
Now Im back because of what you do to me
You're like my reflection
The better half to my whole
Like lyrics to the beat
You're the mate for my soul
The breath for my life, my sister and my lover
Used to have cold feet, now you're the warmth under
my covers
I can't ignore your aura because it grab me by the hand
Like the moon pull the tide (mos & kweli)and the tide
pull the sand

(2nd chorus) [mos & kweli]
[go head baby baby sing that song what]
Ooooooooh
[alright, yeah, we feelin it, go]
Soooo beautiful
[go head baby baby sing that song]
That dream that'll be, so beautiful
[alright, yeah, we feelin it, go]
[go head]*fades out*
I wanna say ohhh clearly, that i love you, aloud
Ooooooh the love you give, all the love you give to me
Ooh
Ooooooh my days and niights were lonely
And it's soooo beautiful
I know i have a friend that i can talk to yeaah
Ohh you're so beautiful.

(mos def & Kweli) ... Note: they switch off after a few bars, and trade it back and forth. you'll get the idea if you listen to the song.....

(mos) because you're fruitful
(mos & kweli) beautiful, smart, lovable, huggable,
doable like art, suitable to be part of the
(kweli) Cosmos! with my eyes closed i see you clearly
(mos & kweli) combine lifetimes with like minds your
love light shine
(mos) bright! the apple of my eyesight, the tender kiss
that whet my appetite
My mighty aphrodite, the flame that ignite me
(mos & kweli) your name just excite me, your eyes so
alive they invite me 'cause you
(kweli) are so beautiful, you don't even know, the
length i would go, to make absolutely sure you is
respected and protected
(mos & kweli)and never neglected, i hope my prayers
is accepted that you always
(mos) will be watched over, and never rocked over,
and if you need me to i'll stop over to check on you, i
never jet on you.
(mos & kweli) i know a lot of foolish cats that slept on
you, but what *background singers enter* im gonna do
is be
(kweli) totally committed, if you need me i'll be hotter
than a new york minute with a hundred percentage
from the start to the finish
(mos & kweli)because the vibe that you give
(mos) leave me so replenished, it's a new beginning,
this is serious business. got my heart and soul in it, it's
the way that im livin. let it be noted that devotedness
gon always prevail. the newly risen truly livin

(mos & kweli) universal for real, it's like that ya'll.

Beautiful

(on your knees)

You're the only love i know

Beautiful

(in my life)

You're the only love that knows

Beautiful

(on my feet)

You're the reason why im here

Beautiful

(come to me)

You're the reason why i want to give you everything

For my love.
