(Blackstar;Walker)

I have had the same old dream always lately  
And I do not want to dream no more  
I have had the same recurring dreams lately  
And what I have dreamt I am not quite sure  
I am not quite sure  
Recurring dreams  
All that we see  
All that we see or seem  
Is just a dream  
Just a dream within a dream  
I have had the same old dream always lately  
Day in day out day after day  
I had the same old dream again today  
And I do not want to dream again  
Dream again
