(Blackstar;Walker)
Well you can take that look off your face
Because I just cannot take it no more
Take that look right of your face
Your stupid face that I abhor
That I abhor
Well tell me to what do you amount ?
Well come hear me shout
Well do not make me laugh
Ha ha ha ha ha ha
So not make me
Laugh on the other side of my face
With a little smile of scorn
With misery I have been graced
Bursting until my lungs are sore
Come hear me roar
And what have I achieved ?
Come hear me sing
Do not make me laugh
