I am the plague in your society  
Rejected by the own kind of ideas  
How do  
Myself say it civilized  
How do myself accepting it as part of me

I will  
Against you all  
I dare you to hate  
Took my dead body  
Still hatred and  
Sick

I hate everything and anything  
That stands between my journeys  
This  
Border crosses over the gap  
Between people and animal

Crime, rape and kill  
Has become our routine  
Allowing human to sank deep in this heaven  
Intensity  
Of evil is the choice  
Of the approach of the modern world (is it the approach  
Of the modern world?)

I hate everything and anything  
That stands between my  
Journeys  
How do myself say it civilized (this is?)  
How do myself accepting it  
As part of me

I hate everything and anything  
That stands between my  
Journeys  
How do myself say it civilized (what's this?)  
How do myself... (the  
Scenes as part of me?)

I'm sick

Of everything!  
Anything!  
That stands!
