Visit "[War & Propaganda](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Biased Media, Controlled by the Mob  
Sick Propaganda, Evil Agenda

War for Oil, or War for peace?  
Driven by Insanity  
This madness will never end  
Nor will their immorality

Racist Human being, Controlling Society  
Bombing children, subduing everyone

Unjust war on poor information  
Humiliating UN regulations  
Baseless preemptive strikes  
Suppressing only weak

Aggression imposed, Weapons exposed  
Uni-polar world, unfair response

They bomb you to your misery  
The reason for the anarchy  
Label you as a terrorist  
If you fight back or resist
