Scourging Laws of unholiness burning in the Face of
God
Impure Chants of Demonic Sorcery Invoke Victory of
Death
The Suffering of Thou holy angels while the Blackest
Hatred burns in
Our Hearts Apocalypse of Malevolence
Unto the Throne of God... Blasphemy, Death,
Desecration!
Annihilate the False Trinity
Merciless Attack of Evil Might Supreme
Crushing the Lambs of God The Suffering of Thou Holy
Angels,
Angels to be Stormed with our Hate
Imperial Black desecration Horde shall Rise and Burn
the mark of Death
In the Eyes of the Fallen God...
