Death Head Legion Infernal Brigade
Vengeace Destruction Conquest Supreme Iron
Warlords Dominate
Wolfpacks unleashed embers of Hate
Gloat at the Battle's glowing hell
Antichrist Command Hail Victory Slaughter the
Nazarene herd
Decimate Annihilate Desecrate Raping the deceiver's
lies
Command of the Iron Baphomet Antichrist Elitists Rise
Black Nuclear Hellstorm cloud Nightmare Death
Holocaust Hellish Night Command of the Iron
Baphomet
Antichrist Elitist Pride...
Blasphemous Hails, burning the chapels of Divinity
Antichrist Command - siege demoniacs' Reign
Withered weak flesh tremble char and blast away,
Firestorms raging furious lightning and War -
Apocalypse
Blasphemous glory and death
Graves give rise from the ashes Culture Pure
Proud Flame infused into Mortal men
Black Flames of Doom invoking eternal Demonic
Triumph
Decimate Annihilate Desecrate Raping the deceiver's
lies
Command of the Iron Baphomet Antichrist Elitists Rise
Black Nuclear Hellstorm cloud Nightmare Death
Holocaust Hellish Night Command of the Iron
Baphomet
Antichrist Elitist Pride... Death head Legion Infernal
Brigade
Vengeace Destruction Conquest Supreme Iron
Warlords Dominate
They who burst through the Dawn Burning the Chapels
of Divinity
Upholding the crush of Destiniy's Embrace
Black Witching Saints of Blasphemy
