Tonight we leave the world outside
Just you and I
This one desire we cannot hide
Tonight Tonight
We stopped the seasons turning
We suspended time
Now all my wounds are burning
With the salt you grind
(You're always)
There where love and terror flare
In the water in the air
And in everything you do
(You're always)
There where love and terror flare
In a whirl you take me there
Down deep into you
And breathing out you take me in
So complete
Into the soul beneath the skin
You take me in
He crashed again
Now cupid flies
An aeroplane
High above me now
He's found his mark
And sets his sights
Upon my heart
(You're always)
There where love and terror flare
In the water in the air
And in everything you do
(You're always)
There where love and terror flare
In a whirl you take me there
Down deep into you
