Check this poor boy out  
Yeah I had nothin' to lose  
Check this poor boy out  
Said she repay my blues  
Check this poor boy out  
Danced 'round my wire wrecked my world  
Check this poor boy out  
Left me cryin' like a baby girl

CHORUS:

The river of love flows in the wrong direction  
Bit me on the ass and left a nasty infection  
The river of love flows in the wrong direction  
God how I wish that I was never subjected  
Down to the river of love it's in the wrong direction

Check this poor boy out  
Yeah I fell out of my mind  
Check this poor boy out  
She left some luggage behind  
Check this poor boy out  
Lost my heart's virginity  
Check this poor boy out  
Almost drowned in her sea

-CHORUS-

You infected and subjected took away my fun  
Was it concious effort man that really sucks  
You put your chain around me like a dog to it's tags  
Why don't somebody want me man it's such a drag

The river of love flows in the wrong direction  
Bit me on the ass and left a nasty infection  
Infected and subjected took away my fun  
Oh God how I hate that river of love

-CHORUS 2-

Yeah yeah yeah yeah fuck yeah
