We was talking to each other  
Then 10 minutes later you came by  
You asked us what was up  
We told you to shut up  
We said go home you inbred waster

You said come on tell me please  
Dude, i'm begging on my knees  
It'll all add up in the end  
Tell me or I'll really freak  
Come on it's not like i'm a rocket science geek  
Jesus dude, I really thought that you were my friend

Look mothertrucker we are talking 'bout stuff  
Look motherf\*\*\*er we aint tking no snuff  
We're talking mom to son  
So f\*\*k off back to your home  
What we're talking 'bout it's all true

You are a faggot you're mophead you're an abuser  
You are ugly, no one likes you and you smell like s\*\*t

But I don't mean any of that in a bad way  
I
