One day I saw a hot momma  
I stood and stared and said "shomra"  
Her long brown hair  
Falling here to there  
And me just standing and staring 'cos

Chorus  
She's good lookin' and I'll keep bookin'  
I need the right girl for me  
Now don't get me wrong I'm singing this song  
To pass from me to thee  
She's nice

Oh man she had good looks  
Never mind what's in your books  
She has no spots you see  
And she was looking at me  
Ho ho ho there's my chance

Chorus

When will i get a life  
When will I be stabbed with a knife  
She's 15 years older than me  
But I still want to go out you see  
Oh ho 3-2-1 let's do it hell yeah

Chorus

She's good looking  
She's good looking (Call me crazy)  
She's good looking  
She's good looking (I don't care)  
She's so god damn good looking
