Right everybody put your hands in the air
All the people, will you do a good dare
Bring it on myself, and yourself
We've got a lot in common
I like skating and so do you
But you like ballet Oh god
You gotta listen to me

CHORUS

You will do what I say
(Hey na na, the things you do, things you do)
You will do what I command
(Hey na na the things you do, things you do)

Ok you're kind of wussy but you're cute
Look, I can make you a cool lass
If you listen to me
It will be hard I suppose
Because my ass is under pressure
Just listen so then I won't have to hurt you

CHORUS

If you do what I say if you do what I want
If you do what I do You'll be cool like myself
Yeah

CHORUS

Things things things
Things you do
Things things things
Things you do

CHORUS repeated x2
