I've been waiting, waiting so long
I've been waiting for you to come along
I think you're cool
I think you're nice
I think you're sexy
I think you're fly
I think you're cute
You've got nice legs yeah

Yvonne, you're here
I really missed you but
Yvonne, you're here
It's all that really matters

You're long golden hair
Falling on my face
How long has it been
Since you've removed your nice brace?
You've got pearly white teeth
And scarlet red lips
And you really like me
And i really like you
And you're not a big whore

Yvonne you're here
I really missed you but
Yvonne you're here
And that's all that really matters

I love you
I don't love her
I certainly don't love him
I just love you yeah yeah yeah
Yvonne you're here
Yeah i really missed you
But now you're here
I'm so freaking happy
And that's all that really matters
