All of us victim, with the choice but not the decision
A chain reaction, bound by our inactions

All of us, witness, with the power to be a movement
Like an animal with an aching soul, coming down out of
control

It aint over 'till it's over you're still waiting in the wings
It aint over 'till it's over are you still dreaming?
All of this tragedy, for a dream, for a dream!

In the trenches of the millenium,

Security is not freedom

Can you feel it in your soul, what are you waiting for?
what are we waiting for?

It aint over 'till it's over all of this tragedy, for a dream,
for a dream!
