I'm falling fast, I'm falling free
Intimate details won't embarrass me
I've waited quite a long time for help
Elephants come and go
They are thrilling me
I'll drop my pants down when the panic grows

Hey you don't know what I know
I don't know what you want
But you don't want me to know
So, I don't mind.
I don't mind.

You square me out
Let me in, coz I'm in doubt
Come inside and have a fight
I'm talking shitthis time.
Manic fools within you
Follow me
But I can't find places where the fuck to go.

You don't know what I know
And I don't know what you want
But you don't want me to know
So, I don't mind.
I don't mind.

Pretty things make me mad
It's a drag that all you folks have come to get my head.
Just step back.

Because you don't know what I know
And I don't know what you want
But you don't want me to know
So, I don't mind.
I don't mind.
