No time for hide and seek
Give me love and give me speed
Needless to say what I mean
Woke up on the wrong side of the bed

Fix a point at the top of my head
I feel there's in between
There's no relieve
It's no big deal to handle me

When the morning awakes
And the sun is tickling the day
I see you lying next to me
I'm lying right next to you

You've been haunting me
With a glimmer of your grace
You tear down my empathy
You know you're enlightening me

A step forward and two steps back
What you see you might never get
I'm breathless down on my knees
You lift me up, no, it can't be wrong

I lick the sugar from the tip of my tongue
It seems so clear that you're all I need
No one else
Can show me what I want to see

When the morning awakes
And the sun is tickling the day
I see you lying next to me
I'm lying right next to you

You've been haunting me
With a glimmer of your grace
You tear down my empathy
You know you're enlightening me

No time for hide and seek
Gimme love and give me speed
