hook]

Have you ever love someone so much
Deep in my soul
Have you ever love someone so much
Deep in my soul... always

Boy, I never knew what love like you before
You came into my life and even more
You're my friend, also my man
And forever always

You just don't know what you've done for me
You gave me love and now I can't believe
You are the sun, the only one
And I love you... always

[chorus]

Baby, don't leave me don't ever desert me
I'll promise my love for you
And I'll love you always
Baby, don't leave me don't ever desert me
I'll promise my love for you
And I'll love you always

Wish I had long that you come for me
How was a soul that was lost and incomplete
You are my friend and now you're my man
And I want you always

I just don't know what came over me
You touch my soul and that make me feel free
Always be there make me don't risk it
Coz I love you always

[chorus repeat]

To you, you should know now that I'll never leave you
I search a man and I find in you
You are my friend, my only man

And I'll love you always

[chorus till fade
