Take me there
Let's go there
Take me to that great place
With wonders and wishes

Take me there, I wanna go there
Take me there, you know where
Take me to that great place
With wonders and wishes

Sittin' here thinking 'bout yesterday
About what we did and how we used to play
Just the thought of you bring a smile upon my face
That's how it makes me to see you've everyday

Where we go
Nobody knows
And what we do
Is between me and you

Come on and take my hand
To that special place
Where smiles come to life
And dreams come true

Take me there, I wanna go there
Take me there, let's go there
Take me to that great place
With wonders and wishes

Take me there, I wanna go there
Take me there, you know where
Take me to that great place
With wonders and wishes

Just make a wish, close your eyes and count to five
'Cause you know that everything will be alright
I see the magic in your eyes
Strong enough, you know, to bring your dreams alive

Where we go
Nobody knows

And what we do
Is between me and you

Come on and take my hand
To that special place
Don't want this dream
To ever go away

Take me there, I wanna go there
Take me there, let's go there
Take me to that great place
With wonders and wishes

Take me there, I wanna go there
Take me there, you know where
Take me to that great place
With wonders and wishes

Angelica's the one with all exposure
Lil' is the one they drop in the stroller
Tommy got the whole world on his shoulders
Dill cries to sleep 'til his eyes are deep

And I couldn't bring Chuckie, Chuckie to rep-to
Chuckie gets scared, so Chuckie let's go
If I was a Rugrat with a a Benz for real
Me and my twin with a vengeance like Phil and Lil'

And with 1 wish, Blink, grant you 1 trip
Where we goin' is an adventure, who you wanna come
with?
You're my little brother that I'll come get
Run wit', but it's gotta be done quick

Yo, Chuckie is scared, Tommy is sad
Phil and Lil' missin' their mommy and dad
So pick a time and date and find a place
And I guarantee you Tommy we'll get home safe

Take me there, I wanna go there
Take me there, let's go there
Take me to that great place
With wonders and wishes

Take me there, I wanna go there
Take me there, you know where
Take me to that great place
With wonders and wishes
