Put out the word Blahzay as emerged  
Surged most preferred from the verbs and words  
I finesse, try your best  
to diagnose, when I host,  
you get roast, toast  
Bet grip bra when I rumble, you crumble  
My stuff is good like mo jungle soup  
Rappers getting soup front and rugged  
but i don't plug it, when my semantic hits to your nugget  
and expose, you know how it goes when it be pretty  
when we roll is like we got the key to the sitty  
it won't be pretty,  
for you to challenge, knock you off balance  
betta reconsider your talents  
You weasel, you better off pumpin diesel  
I find it feasible your days is over frontin evil  
Shouting to your people triing to bless your spot  
but we don't beleive that cuz CBS tells a lot  
on who got shot and who does all the crime  
DANGER! And you knew it all the time

Chorus:

When the East is in the house, Oh my God!  
DANGER!

And when we in the house, ain't no time to act sheisty  
come out a spicey to your ass that is pricely  
cosin', you get baked like Mr. Braustin  
Beans in box, you need more strenght than just locks

I rocks hardcore even when I dress suited  
On some business shit my street is deep rooted  
What is this shit?  
Rappers want to blossom, put they all a costume  
Toking weed buffoon I'll tell you soon you learn the  
hard way  
Tims and blunts going Broadway throught this theater  
hardrocks is getting witter like virrer  
for Alles the East is in your parlor  
on some proper shit and it will never be the opposite

Chorus

And when we move on your circuit  
You better pray to who you worship  
Das recommended ass kicks come splendid  
Long winded but I don't need my respiratory  
to bless my story, you got nothing for me  
Ace been plotted behind doors they skeemin' up  
For my arrival, rappers are teamin' up  
Do your stuff finize is going to be limpin' MC's  
when I plan my rap you be left handicap  
Sweat! gather because I break you no Jalope  
Building all heads that be older than your papi  
Pack the wind while PF backspin  
to the essence, you get scarred to my presence
