First act I wake to find the hope,
To see you simply staring back at me.
But still there's only emptiness calling,
To break the dream I once believed.
Now I'm scared that this reality,
Is much too heavy for me.

I'm too weak to be strong,
I can't be the only one.
Holding on till the day you find me.

So meet me at the end of the world,
I'm waiting.
Meet me at the end of the world,
Please save me.
This could be the place where we start,
The rest of our lives.
Meet me at the end,
The end of the world.
Meet me... at the end... of the world.

You found the place I hide within,
Like you see right through my skin,
And my heart
To see I'm hopelessly wishing.
You can forgive all my mistakes,
Take them back and just erase all the,
Wrong and let our future get brighter.

I'm too weak to be strong,
I can't be the only one.
Holding on till the day you find me.

So meet me at the end of the world,

I'm waiting.
Meet me at the end of the world,
Please save me.
This could be the place where we start,
The rest of our lives.
Meet me at the end,
The end of the world.

Meet me... at the end... of the world.

Till these shadows disappear,
I still wait to find you here.
Still I'm haunted from the moment
I feared... Oh
Never forget what it's like,
To surrender in your eyes.
Holding on till the day you find me.

So meet me at the end of the world,
I'm waiting.
Meet me at the end of the world,
Please save me.
This could be the place where we start,
The rest of our lives.

Meet me at the end of the world,
I'm waiting.
Meet me at the end of the world,
Please save me.
This could be the place where we start,
The rest of our lives.
Meet me at the end,
The end of the world.
Meet me... at the end... of the world
