There was a time I packed my dreams away  
Living in a shell, hiding from myself

There was a time when I was so afraid  
Thought Iâ€™d reached the end  
Baby that was then  
I am made of more than my yesterdayâ€™s

[Chorus]

This is my now, and I am breathing in the moment  
But I look around  
I canâ€™t believe the love I see  
My fears behind me, gone are the shadows and doubts  
That was then, this is my now.

And I have the courage like never before, yeah  
Iâ€™ve settled for less now Iâ€™m ready for more  
Ready for more

[Chorus x2]

This is my now
