Girl, you could explain for 1,000 days.
But I'll never work out why we're throwing it all away.
You say you're still in love, you just need more space.
I don't have the strength to leave you but I don't want to wait.
I'm not trying to bring you down.
I'm only calling you because I thought you should know
I

Can't get used to life without you.
Close my eyes, see your face.
And nothing seems to ease pain.
And I just can't get through these nights without you.
Close my eyes, see your face.
I only have myself to blame.

Girl, lying alone, I feel out of place
It's all that I can do to get up and turn the page.
Every spin of the hands is 1,000 days.
The things I left unsaid, pushed them so far away.
I'm not trying to bring you down.
I'm only calling you because I thought you should know
I

Can't get used to life without you.
Close my eyes, see your face.
And nothing seems to ease pain.
And I just can't get through these nights without you.
Close my eyes, see your face.
I only have myself to blame.

I can't wait.
There's no more time.
I'm getting lost inside my mind.
And it's easy to see that I let you
Slip right through my hands.
I can't believe that it's over.
I want to open my eyes and see you here.

Can't get used to life without you.
Close my eyes, see your face.
I only have myself to blame.

Can't get used to life without you.
Close my eyes, see your face.
And nothing seems to ease pain.
And I just can't get through these nights without you.
Close my eyes, see your face.
I only have myself to blame.

You're all I need, to survive.
You're all I need to get by.
You're all I need to survive.
You're all I need to get by, oh
