Baby your the one for me
I miss you
Baby come back to me

Well meet up somewhere
Just count to 10
I'll be there

Baby your the light at the end
Of my tunnel jst think
I'll be there

You can fall I'll always catch you
If your in trouble I'll just snatch
You but baby you know to just listen
And I'll be there

Start the countdown 10 9 8 7 6
5 4 3 2 1
I'm here for you

Baby don't make me beg
Just meet me there
I'll be there
I'll be there
I'll be there
