This secret. There's no one else.  
I sit here alone  
My thoughts are moving faster than I can breathe  
I can't let you go  
and slip out of the door you stand in  
Believe in second chances  
The taste of salt goes away  
I'll make it up to you,  
I'll make it up to you  
I can't wait another day for you to listen  
I can't take much more  
All our failure to forget  
Will only get us nowhere  
It shouldn't be this way  
Don't let it stay  
Cause I will wait forever  
Erase what's left  
What a vacant smile  
What lies behind it makes me wonder  
Whose playing who in this game  
This shame it won't go away  
I promise not to look back  
If you swear you'll do the same
