Blind hope - blind visions - blind centre - one centre.
Blind living - and seeing - blind hell - blind hell.
Blind visions - and no reasons - for action - blind words.
Blind visions - and no reasons - for action - blind words.

Blind visions - and no reasons - no reasons - for
actions.
In a dream when I'm reading pages full of words -
The harder you look - it's getting hard - it's getting
harder - it's not.
A dream's a dream -
In a dream when I'm reading pages
pages full of words -
It's it's getting hard - it's not
It's not
It,it,it's getting harder
It's getting harder
It's getting hard.
Hold me closer now
hold me closer - that's blind vision.
Push me harder now
harder
push me harder - that's blind hell.
Keep me spinning around and round - the blind centre

Now I'm turning miles above the ground - that's blind
hell.
Blind hope - blind visions - blind centre - one centre. . . .
