I'll stay with you until the end

I'll say you'll let me be your friend

I'll say you'll let me int he end

I just wanna be your friend

How can I be sure you're breaking all the rules

How can I be sure I should be high above

I'll climb the mountain, reaching for the skies

And all too soon I jump the moon and find I'm losing
my mind

And don't tell me you're the howling wind

And don't tell me you're the moonlit star

And don't tell me you're the devil's friend

And don't tell me, no don't tell me I've gone too far

I didn't hear you as you left my room last night

You turned your back on me

I didn't hear you as you left my room last night

Please return and set me free

I'll climb the mountain, reaching for the skies

And all too soon I jump the moon and find the sun
burns my eyes

And don't tell me you're the howling wind

And don't tell me you're the moonlit star

And don't tell me you're the devil's friend

And don't tell me, no don't tell me I've gone too far

No no no...

No no no...

I can't get a grip on...

I can't get a grip on...

I can't get a grip on... (you)

I can't get a grip on... no no I can't get a grip on!

I'll say you'll let me in the end

I'll say you'll let me be your friend

I've maybe asked this once before

Don't you love me anymore
