Intro: instrumental

Verse 1:

This ride is going way too fast
I need something that will last, something like your love
I've had the temporary thrills
I need the kind of love that heals, I want to be with you

Pre chorus:

Cause I've tried so hard to make it on my own
Why is it so hard for me to see the path that you have
shown

Chorus:

I don't know who I am 6x
With out you

Verse 2:

It seems to easy to fall away
But that's not where I want to stay, I want to stay with
you
I've had the temporary joys
But nothing that can fill the void, deep within my soul
