Verse 1: I've been in love with you since the freshman dance.

Never thought I'd have a chance.

Never thought you'd care for me.

Looking for love aimlessly.

I tried it for a little while,

But none of them had your smile.

Chorus: Sadie, now im all alone.

Maybe, you could be my own.

Verse 2: I think your perfect in every way.

I prayed I'd be with you some day.

I don't know where to begin.

I love the touch of your skin.

Is it any surprise, I get lost in those eyes.

Chorus:1x

Bridge: Instrumental
