Desperate for changing  
Starving For truth  
Closer than where i started  
And chasing after you

I'm falling even more in love with you  
Letting go of all i've held onto  
I'm standing here until you make me move  
I'm hanging by a moment here with you

Forgetting all i'm lacking  
Completely and complete  
I'll take your invitation  
You take all of me

I'm falling even more in love with you  
Letting go of all i've held onto  
I'm standing here until you make me move  
I'm hanging by a moment here with you

I'm living for all that i think i know  
I'm running here i'll crash you into go  
I'm tired of all the love divide in two  
Just thinking about a moment here with you

'cuz nothing else evolves  
There's nothing else to find  
There's nothing in the world  
That could change my mind  
There is nothing else  
There is nothing else  
There is nothing else

Desperate for changing  
Starving For truth  
Closer than where i started  
And chasing after you

I'm falling even more in love with you  
Letting go of what i've held onto  
I'm standing here until you make me move  
I'm thinking about a moment here with you

I'm living for all that i think i know  
I'm running here i'll crash you into go  
I'm tired of all the love divide in two  
Just thinking about a moment here with you  
Just thinking about a moment  
Thinking about a moment (here with you)  
Thinking about a moment (here with you)  
Thinking about a moment here with you.
