I always said that you were perfect
Why am I always wrong?
I thought that we were onto something
We started out so strong
Who knew you were a waste of time
You're a liar
Here's your song

Right now I wanna forget
Everything I felt but I can't erase it
I'm still not over this
Why did I fall for somebody like you
All you cared about was you

I still don't hate you
But if I did would you even cry?
I want you break just like I did
I don't want you to apologize

Why aren't you a wreck?
You threw us away
Like there was nothing left
What a waste
I thought I'd never see the day
When I could just ignore you
My days were planned around seeing you

It's not worth my time

How do you expect us to be friends?
I can't trust anything you fucking say
