Hot place, strange place, moon place, weak place
Beg for mercy now
Aliens, Indians, dimensional nomads
Take your freedom now

Hot place, strange place, moon place, weak place
Beg for mercy now
Aliens, Indians, dimensional nomads
Take your freedom now

New found, analogic breakdown,
Better is charge to the moon
My Creatures of the dust
Start spreading the disease of the seas
Of the pain and torture don't leave until they rot
No they haven't had enough
Mayday, mayday,
Something very powerful has taken control of the ship
We are falling for the trick send guidance from above
Cause our love is being wasted like flesh
Flesh robots we are, flesh robots we are

Hot place, strange place, moon place, weak place
Beg for mercy now
Aliens, Indians, dimensional nomads
Take your freedom now

Hot place, strange place, moon place, weak place
Beg for mercy now
Aliens, Indians, dimensional nomads
Take your freedom now

Yes we feed from the words of the prophet
No nothing for granted but the promise of peace
No disease, so stand up until you debt is fulfilled
Your shell just try and rebuild
Another time for the cause another moment of pause
So applause meet market people standing in line we're
(?) time
Take your time, you're the best you're the cream
The best part of the gene, the solution unveils, so
remain

In the presence of god, in the presence of god

Hot place, strange place, moon place, weak place

Beg for mercy now

Aliens, Indians, dimensional nomads

Take your freedom now

Hot place, strange place, moon place, weak place

Beg for mercy now

Aliens, Indians, dimensional nomads

Take your freedom now
