Don't forget the struggle don't for get the streets
You don't have to worry you're such a creep
The lower east side is the place that's true
But it's for fighting cops not for fighting you
Mosh it up cause were bald and dickless
We just might sence were withless physically strong
morally strait
Why don't you all just masturbate?
Fuck krishna
Fuck jimmy gestapo
Fuck strait and alert
Fuck ray of today
Fuck matinees
Fuck the ritz fuck boots and braces
Fuck shaved for battle
Fuck white pride
Fuck white power
Fuck y.d.l.
Fuck the crew
Fuck you!
