Visions of darkness in my dream fortell the future  
memories  
Why does the darkness draw me so near?  
Why has the light deserted me  
Is this the path that I should seek?  
Why does the darkness draw me so near?  
(There's more to this world)  
More to this world than they can see  
Dream of in their philosophy  
They always try but they just cannot explain  
They say I'm mad 'cause I believe  
Believe there's so much more to see  
That things don't end here that there is something  
beyond  
But I seek the truth  
So I am ignored I am a freak  
Mine is the name no one will speak  
Cause they are so in love with their own ideas  
Am I unbalanced dangerously?  
Losing my grip on sanity  
Have I seen visions of that place that is beyond?  
Now I seek the truth  
There's nothing to loose  
And nothing will stop me  
And nothing will stop me  
As I search for the truth  
Nothing will stop me  
They won't stand in my way  
I know that I must be strong  
I know that I must be strong  
Now I seek the truth  
There's nothing to loose  
It's the path that I choose  
And nothing will stop me  
And nothing will stop me  
As I search for the truth  
Nothing will stop me  
They won't stand in my way  
I know that I must be  
I know that I must be strong  
I know that I must be strong

They cannot stop me  
You will not stop me  
Just try to stop me  
Nothing will stop me
