120 dB to blast your brain...Crusin' down the strip in
My Chevrolet...Ten below but I got the window down...
Cause I want the world to hear me rockin' out ~ I want
Them to get it good ~ I wanna wanna wanna Drive
Drive
Drive...Saturday night and the streets alive...I wanna
Wanna wanna Drive Drive Drive...There's more I'll show
You more ~ This is more than just a weekend
thing...Out
Every night to where the monsters sing...Righteous
sounds
Pumping out my stereo...It's Jesus and my four wheel
Vaudeville show ~ I want them to get the goods ~ I
ain't
Afraid of rockin' out...These super sounds are gonna
Knock you out...I ain't afraid of turnin' it up...I wanna
Show my Father's love...
