You know that you're part of this tonight
And it meant so much to see how hard you tried
And I want you to know it's alright
I want you to know it'll be fine

But it's gonna take some time
To get back in line
It's gonna take some time
To work it all out

This operation's gone awry
But I know that there is hope for even this
A crippled bird can learn to fly again
And I want you to know it's alright
I'm running to show it'll be fine

But it's gonna take some time
To get back in line
It's gonna take some time
To work it all out
To work it all out
