Took you by the hand and we watered it like plants,
But we just don't know if it's gonna grow.
The turning point is gone but we're just pressing on.
And we still don't know if these flowers will grow.

I don't mind the change, if it makes you happy.

So put it all on black and we ain't going back
To rewind back when to see what might have been.
And it would be inline to say that it wouldn't feel so
great
Just to know it's gonna end.

I don't mind the change, if it makes you happy.
I don't mind the change, if it makes you happy,
If it makes you happy that's fine.

And all I really know is that I won't let go.
I've got a hand to hold and I won't let go
It's all I know.

Took it by the hand and we watered it like plants,
But we just don't know if it's gonna grow.
The turning point is gone but we keep pressing on.
And we still don't know if these flowers will grow.

I don't mind the change if it makes you happy
I don't mind the change if it makes you happy
If it makes you happy.

And I don't mind the change if it makes you happy
I don't mind the change if it makes you happy
If it makes you happy that's fine.
