Hold on, hold on it's a heavy scene...Warp Factor Five
With me...Come along won't you come with me...
Warp Factor Five you see ~ This world is buggin' outta
Control...And there's one sure thing for the Godly
Soul...Outta sight to your cosmic home...To your cosmic
Home, your cosmic home ~ Ride along to where I'm
Going...Down the road of gold to your diamond home...
May you leave tonight past the speed of light...May
You leave tonight for Paradise...Warp Factor Five ~
So long, so gone to a better scene...Warp Factor Five
With me...Warp Factor Five you see...
