And I can't wait to get out of here  
And I can't fake through this pain I'll feel  
It's been too long, that I've been gone  
But now I'm coming back, I'm coming back  
So long, it's gone, this burden that I carry

And I'll give it all to you, to you  
And I'll give it all to you, to you, to you

And I wade out and the waves are bigger  
I can't sort through all this junk so I'll surrender  
And I've gone on, way too long  
And now I've had enough, I'll give it up to you  
This storm is great, but you are so much greater

I'll give it all to you, to you  
And I'll give it all to you, to you, to you  
And I'll give it all to you, to you  
And I'll give it all to you, to you, to you

And I can't wait to see you standing there so bright and  
special  
And all the waves that crashed around my head  
Fall silent at the whisper of your voice

Give it all to you, all to you, all to you  
I'll give it all to you, all to you, all to you  
And I'll give it all to you, all to you, all to you  
And I'll give it all to you, all to you, all to you
