"Fell Out"

What's wrong with me, I just been layin' around
Wishin' it'd be like it was before I fell out
Now is there any chance, that I can find romance
Like we had back then, oh I want it again

You said, you'd hold on to me
You always wanted for it to be oh, oh
You said, you'd never let go
So now I want you to know, that I can't stand it
I am sorry, I know I walked out on you

What's wrong with me, I just can't figure it out
No motivation to change it since I fell out
So is there any chance
That I can make amends for what I've become

I know you are the one that said you'd hold on to me
You always wanted for it to be oh, oh
You never ever let go
So now I want you to know, that I can't stand it
I am sorry, I know I walked out on you and I

I been hopin' this ant hopeless
I been dreamin' that you know this much is true
I'm still in love and I, I been dreamin'
That this thing won't lose its meaning
Tell me what I've got to do, I'm so in love

What's wrong with me, I just been layin' around
Wishin' it'd be like it was before I fell out
What's wrong with me, I just been layin' around
Wishin' it'd be like it was before I fell out

What's wrong with me, I just been layin' around
Wishin' it'd be like it was before I fell out
What's wrong with me, I just been layin' around
Wishin' it'd be like it was before I fell out
