He lives out there somewhere  
Beyond the land of the lost  
I hate me when I find  
That I laugh the most

With no cares out in his chair  
Just watching it all go by  
He dances on occasion  
On the roadside

Why do people say  
I think that he's strange  
And crazy, maybe  
Someone's gotta give  
And show him how to live today

I can be the one  
I can be the one  
I can be the one  
I can be the one

Here she comes, she's another one  
With tangled hair, in need of love  
And she tries to hide her face  
From everyone in every place

Why do people say  
I think that she is strange  
And crazy, maybe  
Someone's gotta give  
And show her how to live today

I can be the one  
I can be the one  
I can be the one  
I can be the one

I can be the one  
I can be the one  
I can be the one  
I can be the one

I can be the one
