Everytime I bite my lip
I take another sip of your lies
So don't act like you're surprised
That I can't force myself to swallow my pride
(Surrender away
Surrender away)

You take this piece of me
(It's not yours to keep)
Surrender awaaay

My wounds run deeper than the ocean
They just don't hear me anymore x 2
I'm having trouble with emotion
They just don't hear me anymore x 4

Lets deconstruct this place
I'll rip every smile from every face
All your insecurities
I can make you feel like such a disgrace

You take this piece of me
Surrender awaaay
My wounds run deeper than the ocean
They just don't hear me anymore x 2
I'm having trouble with emotion
They just don't hear me anymore x 4

My voice just fades in the breeze
My voice in fact is a disease
My voice comes back to haunt you
My voice just fades in the breeze
My voice in fact is a disease
My voice comes back to haunt you

I know there's so much more to say
My wounds run deeper than the ocean
They just don't hear me anymore x 2
I'm having trouble with emotion
They just don't hear me anymore x 4

It shouldn't have to be this way
